

Lambda Chi Alpha
Policy on Firearms, Explosives, and Incendiary Devices

The Grand High Zeta has agreed that Lambda Chi Alpha will prohibit firearms, explosives, and incendiary devices from all chapter and General Fraternity property and functions. Lambda Chi Alpha already abides by the policy outlined by the Fraternal Information and Programming Group (FIGP), which states:

The possession and/or use of firearms or explosive or incendiary devices of any kind within the confines and premises of the chapter house is prohibited.

Lambda Chi Alpha will extend this policy to prohibit the possession and/or use of firearms, explosives, and incendiary devices at the chapter house, on any chapter or General Fraternity property (or property that could reasonably be considered a “chapter house” or “chapter facility”) or at any chapter or General Fraternity function. If firearms, explosives, or incendiary devices are present at any event that is not on chapter or General Fraternity property, any possession or use of these devices must be conducted in accordance with state, local, and federal laws.
